	Platforms given for students increase they have difficulties in understanding the given materials	Feedback from the teachers	Feedback from the students
	Students can consult any concern subject teachers through telephone calls, Whatsapp, and text messages.	Most of the students hesitate to contact the teachers. Initiatives were taken by the teachers to follow up on every students performance. Some students are unreachable due to the absence of network.	Most of the students find it difficult to understand the materials/ notes given by the teachers. They prefer contact classes. Some students are lacking behind in terms of receiving notes since they do not have smart phones.
	1) Based on the feedback given by the students, the teachers took the step to allow 2-3 students to meet them at their residence in case they are in need of explanation. 2) Students can consult any concern subject teachers through telephone calls, Whatsapp, and text messages.	Encourage the students to consult the concerned subject teachers.	Students complained the poor internet connection, so to get access to materials online is very difficult. Many expressed their frustrations to cope with the current education system.
	Students can consult any concern subject teachers through telephone calls, Whatsapp, and text messages.	Very few students consult the teachers from whatsapp call and text messages	Since most of the students used their parents mobile phones, it is very difficult to manage to finish the tasks given by the teachers.
